Online Library Key Cases Tort Law

Arthur Best is the author of the enormously successful Examples & Explanations study guide on Evidence - clear, direct text introduces cases and explains important concepts; nothing is hidden from the student - a balanced presentation of modern and classic cases includes Vaughan v. Menlove (standard of care), Vincent v. Lake Erie Transportation Co. (the doctrine of "incomplete privilege"), and Greenman v. Yuba Power (product liability) - appealing and memorable problems based on actual reported cases reinforce understanding and build analytical skills - the book is distinctly contemporary, reflecting the most current thinking on key issues - ample background information places cases and statutes in context - accessible notes highlight key issues, alternative perspectives, and basic theory An exceptionally thorough Teacher's Manual accompanies the book with: - sample syllabi and guidance for structuring four-and six-credit courses - detailed suggestions for class preparation, including specific tips on how to present the cases and materials - answers and analysis for all the problems and questions raised in the book - multiple-choice and true/false quizzes usable in an internet-based automatic quiz system. This casebook for students a casebook that builds their confidence as it expands their knowledge---Best and Barnes' Basic Tort Law: Cases, Statutes, and Problems.

Unlocking Torts Tort law is a core element of every law degree in England and Wales. Unlocking Torts will ensure you grasp the main concepts with ease. This book explains in detail: - straightforward, terms: Negligence and negligence related torts including occupiers' liability and employers' liability - Land based torts such as trespass, nuisance and Rylands v Fletcher Liability for animals Torts relating to goods - Trespass to the person - Defamation and other torts relating to reputation - Economic torts, breach of a statutory duty, vicarious liability, defences and remedies. The fourth edition is fully up to date with the major recent cases including major developments in vicarious liability. It also includes changes after the Defamation Act 2013. The Unlocking the Law series is designed specifically to make the law accessible. Each chapter opens with a list of aims and objectives, contains activities such as quick quizzes and self-test questions, key facts charts to consolidate your knowledge, and diagrams to aid learning. Cases and judgments are prominently displayed, as are primary source quotations. Summaries help check your understanding of each chapter, there is a glossary of legal terminology. New features include problem questions with guidance on answering, as well as essay questions and answer plans, plus cases and materials exercises. All titles in the series follow the same formula and include the same features so students can move easily from one subject to another. The series covers all the core subjects required by the Bar Council and the Law Society for entry onto professional qualifications as well as popular option units. The series website www.unlockingthelaw.co.uk provides free resources such as multiple choice questions, key questions and answers, revision mp3s and cases and materials exercises.

Basic Tort Law The Key Cases series provides a portable and effective way for you to absorb and retain the essential facts needed to pass your exams effortlessly. Key features include: * Diagrams to summarise the key points * Expert selection of cases * Recognisable and memorable elements, including the key facts, key law, key principles, key judgments, key comments and key problems as appropriate in each case. * Cases for comparison and contrast are highlighted to illustrate alternative opinions and perspectives. Supporting resources are available at www.unlockingthelaw.co.uk where you will find extensive revision materials including MCQs and Key Q&As.

Landmark Cases in Defamation Law The Key Cases series provides a portable and effective way for you to absorb and retain the essential facts needed to pass your exams effortlessly. Occupiers' Liability in Tort Law The Key Cases series provides a portable and effective way for you to absorb and retain the essential facts needed to pass your exams effortlessly. Basic Tort Law Landmark Cases in Defamation Law is a diverse and engaging edited collection that brings together eminent scholars from the United Kingdom, the United States, Australia, Canada and New Zealand to analyse cases of enduring significance to defamation law. The cases selected have all had a significant impact on defamation law, not only in the jurisdiction in which they were decided but internationally. Given the formative influence of English defamation law in the United States, Australia, Canada and New Zealand, the focus is predominantly on English cases, although decisions of the United States and Australia are also included in the collection. The authors all naturally share a common interest in defamation law but also bring different expertise and emphasis to their respective chapters. Among the authors are specialists in tort law, legal history and internet law. The cases selected cover all aspects of defamation law, including defamatory capacity and meaning; practice and procedure; defences; and remedies.

Tort Law for Paralegals Buy a new version of this Connected Casebook and receive ACCESS to the online e-book, practice questions from your favorite study aids, and an outline tool on CasebookConnect, the all-in-one learning solution for law school students. CasebookConnect offers you what you need most to be successful in your law school classes - portability, meaningful feedback, and greater efficiency. The Fourth Edition of Tort Law: Responsibilities and Redress has been updated to reflect the very latest developments in tort law, including discussions of the draft provisions of the Third Restatement of Torts concerning intentional torts. The book also contains new "Check Your Understanding," "Big Thing" and "Did You Know?" text boxes along with a new user-friendly page layout. A set of PowerPoint slides on core cases and topics has been added to provide additional support to instructors. Features: Incredibly versatile, this text has been successfully adopted at a wide range of schools and can be taught from any intellectual or political perspective. Presenting tort law as a complex but coherent whole, giving students a clear sense of what tort law is and what it does Grounded and pluralistic treatment recognizes the richness and diversity of the legal rules and concepts that make tort law what it is Comprehensive case mix presents current and classic cases, exposing students to diverse decisions from jurisdictions around the country, from lower courts to state high courts Progresses from negligence to intentional torts to products liability while permitting the professor to focus on an area of contemporary issues. Negligence related torts including occupiers' liability and employers' liability - Land based torts such as trespass, nuisance and Rylands v Fletcher Liability for animals Torts relating to goods - Trespass to the person - Defamation and other torts relating to reputation - Economic torts, breach of a statutory duty, vicarious liability, defences and remedies The fourth edition is fully up to date with the major recent cases including major developments in tort law, not only in the jurisdiction in which they were decided but internationally. Given the formative influence of English defamation law in the United States, Australia, Canada and New Zealand, the focus is predominantly on English cases, although decisions of the United States and Australia are also included in the collection. Key Facts books are supported by the website www.UnlockingTheLaw.co.uk where you will find extensive revision materials including MCQs and Key Q&As.

Key Cases: Criminal Law The Fourth Edition of this unique casebook has been dramatically revised. This new edition presents the important cases, statutes, empirical data, and competing tort theories in a problems-oriented format that is designed to help students acquire a sophisticated understanding of tort law through active learning. As before, the text includes a large number of problems. Now, however, the Problems, updated and considerably expanded, are organized in Sets at the end of each substantive chapter. This extensively re-written and reorganized edition includes the classic common law torts cases, but is updated throughout with teachable, cutting-edge decisions that will demand student interest and hold their attention. The thoughtful presentation engages students by examining different intellectual approaches used to interpret law. The cases are many, the perspectives are diverse; students are encouraged to apply all the forms and rules of reasoning to the evolution of torts. The core Tort Law principles are illuminated with materials on the evolution of torts, torts and products liability, recent developments in products liability law, expansion of the materials on various types of injuries in damage cases, and heavier emphasis on new case-based communications under the law of defamation and privacy. Key Features: Updated two-color design New Restatement boxes that highlight the law for easy reference Condensation of basic material, including a combination of the insurance contract and no fault insurance issues into a single chapter Introduction of new visual materials in each chapter, including pictures charts, cartoons, and biographical sketches of key figures in tort law, as an assist to the case and other materials

Tort Law: Principles in Practice The essential companion for all undergraduate Tort Law modules, for students of all abilities.

Markesinis and Deakin's Tort Law Cases and Materials on Torts, Eleventh Edition for Fall 2016 classes. Tort Law: Principles in Practice The essential companion for all undergraduate Tort Law modules, for students of all abilities.
Principles of Tort Law Students whose instructors use Tort Law for Paralegals, Third Edition, will come away from their Torts course with a true understanding of Torts and what it is like to practice in the real world. The easy-to-read and engaging style of experienced author Neal Bevans utilizes numerous examples and illustrations to provide an in-depth discussion of tort law, combined with a solid foundation in the practicalities of daily legal work. Key features that make this text a resounding success include: broad coverage of all the key topics in tort law that paralegals need to know coverage of practical skills that include working in a law firm, assessing cases for settlement value, investigating claims, billing hours, and evaluating insurance policies emphasis on ethical issues, with a separate section on ethics at the end of each chapter one hypothetical case that runs through all the chapters, providing continuity To The material and a vehicle for illustrating various points in a coherent framework forms and court documents related exercises and case included in the appendix a robust Instructor’s Manual that includes a test bank, lesson plans, suggested syllabi, web resources, and additional assignments a CD with ancillaries, including PowerPoint slides the well-developed, highly teachable pedagogy of this concise text includes: chapter objectives to open each chapter “Issue at a Glance” boxes in each chapter that summarize important legal concepts marginal definitions numerous figures, tables, and diagrams case excerpts that discuss legal theory and practical applications “Skills You Need in the Real World” sections in each chapter that highlight particular paralegal skills, ranging from locating expert witnesses to creating a trial notebook to billing time in the courtroom exercises that have been revised to reflect the author’s experience teaching from the book.

The Forms and Functions of Tort Law Cases and Materials on Torts preserve historical and conceptual continuity between the present and the past, while addressing the most significant contemporary controversies in such fast-moving areas like public nuisance, global warming, and product liability, with new legislation against internet providers. Toward these dual ends, Richard A. Epstein and Catherine M. Sharkey have retained in the Twelfth Edition the great older cases, both English and American, that have proved themselves time and again in the classroom, and which continue to exert great influence on the modern law. Our book also provides a rich exploration of the dominant corrective justice and law-and-economics approaches to tort law, as exemplified both in the retained and new cases and materials. New to the Twelfth Edition: Extensive new treatment of public nuisance cases to address the profound expansion of the once-sleepy area of public nuisance law into the realms of the opioid crisis, toxic torts, and global warming. Major reconsideration of who counts as a seller in the chain of distribution for goods sold online with product liability updates for various forms of e-commerce, such as Amazon’s liability for defective products sold on its site. Updates to incorporate two major new Torts Restatements on Intentional Harms and Liability Insurance. The Reforms of the Michigan No-Fault Legislation Enhanced treatment of privacy in the era of “Big Data” to address the rise of large data collectors like Facebook and Google to determine what is reasonable online, incorporating major privacy legislation such as California’s Consumer Privacy Act and the European GDPR (General Data Protection Regulation). Expansion of the material to address race and gender disparities in the setting of damages awards; and, in the realm of punitive damages innovative remedies directing some portion of the award to public interest groups. Professors and students will benefit from: Clear organizational framework of the book. Important lines of cases that help understand legal reasoning and the evolution of precedent. Inclusion of key academic commentary and elaboration of central intellectual disputes over the nature and function of the tort law Ability to pick and choose modules of interest - such as defamation, privacy, and economic harms – which are of increasing importance in real world of tort litigation. Extensive notes with topis headings that elaborate basic concepts and extend into the most complex contemporary issues facing courts. Great attention given to cutting edge tort developments.

Complete Tort Law

Cases and Materials on Torts Buy a new version of this Connected Casebook and receive access to the online e-book, practice questions from your favorite study aids, and an outline tool on CasebookConnect, the all in one learning solution for law school students. CasebookConnect offers you what you need most to be successful in your law school classes—portability, meaningful feedback, and greater efficiency. Offering comprehensive coverage that is suitable for one or two semester torts courses, Basic Tort Law: Cases, Statutes, and Related Materials, Fifth Edition includes either with coverage of intentional torts in Chapter 2 or negligence, beginning with Chapter 3. Chapters 9-17 allow teachers to select additional topics that fit best with their curriculum and interests. Key Features: Cases edited to moderate length, so professors can help students analyze judicial reasoning and treatment of policy implications. Practice-oriented exercises in each chapter. A new section on the intentional tort of false imprisonment, covering the concepts of confinement, consent, intentionality, and the shopkeeper’s privilege. A new case addressing whether strict liability for abnormally dangerous activities applies to fracking, which, juxtaposed with another featured case, illustrates the differing ways courts have approached the Restatement factors. A new case discussing joint and several liability, offering a straightforward introduction that enhances or may be substituted for a more detailed treatment of this complicated area.

CasebookConnect features: ONLINE E-BOOK law school comes with a lot of reading, so access your enhanced e-book anytime, anywhere to keep up with your coursework. Highlight, take notes in the margins, and search the full text to quickly find coverage of legal topics. PRACTICE QUESTIONS Quiz yourself before class and prep for your exam in the Study Center. Practice Exams and Example Exercises. Exercises and practice exams help you study for exams while tracking your strengths and weaknesses to help optimize your study time. OUTLINE TOOL Most professors will tell you that starting your outline early is key to being successful in your law school classes. The Outline Tool automatically populates your notes and highlights from the e-book into an editable format to accelerate your outline creation and increase study time later in the semester.

Landmark Cases in the Law of Tort This concise new casebook is ideally suited for a one-semester, four-credit course. With key cases and understandable notes skillfully presented in just 800 pages, Torts: Cases and Materials offers a refreshing, enjoyable choice for students and instructors. This new casebook is designed to facilitate student comprehension: - eminently teachable cases and informative topical notes convey the core of tort law - notes challenge students to consider provocative questions about the cases - Authors' Dialogues, a series of informal, highly engaging in-text discussions and debates between the authors, raise points about the topic under discussion while modeling the skills of persuasion and critical thinking - short hypotheticals throughout the book test variations on fact patterns - carefully edited cases strike the right balance between
preserving the flavor of the case and overwhelming students with details — a comprehensive Teacher's Manual answers questions raised in the text, identifies important secondary literature, and provides commentary on the Authors' Dialogues as well as suggestions for using the dialogues in class or as reading assignments. CasebookConnect offers you what you need most to be successful in your law school classes — portability, meaningful feedback, and greater efficiency. This lean casebook is consciously designed to appeal to disenchanted users of the #1-selling Prosser casebook. Its content, organization, and cases-and-notes approach is explicitly modeled on Prosser, but the authors have capitalized on Prosser's weaknesses, focusing on providing key cases and concise, understandable notes. This book has the look and feel of Prosser, but will function much better for many of the more professors teaching a one-semester, four- or three-credit course. Features: Authorship — co-reporters of the Restatement (Third) of torts, and both known to be excellent teachers Conveys the core of Tort law through eminently teachable cases and informative topical notes Pedagogical notes challenge students to consider provocative questions about the cases —Authors' Dialogues— feature-informal, highly engaging discussions and debates between the authors that raise interesting and provocative points about consideration while modeling for students the skills of thinking aloud and persuasion Presents 40-50 three- to five-line hypotheticals that test variations on fact patterns Fewer, more generously edited cases than Prosser Accompanied by a comprehensive Teacher's Manual that includes answers to the questions raised in the text, informs teachers about the important secondary literature, and provides commentary for using the dialogues in class or as reading assignments. CasebookConnect features: ONLINE E-BOOK: Law school comes with a lot of reading, so access your enhanced e-book anytime, anywhere to keep up with your coursework. Highlight, take notes in the margins, and search the full text to quickly find coverage of legal topics. PRACTICE QUESTIONS: Quiz yourself before class and prep for your exam in the Study Center. Practice questions from Examples & Explanations, Emanuel Law Outlines, Emanuel Law in a Flash flashcards, and other best-selling study aid series help you study for exams while tracking your strengths and weaknesses to help optimize your study time. OUTLINE TOOL: Many professors will use the Outline Tool to help students map out the early stages of their courses. The Outline Tool automatically populates your notes and highlights from the e-book into an editable format to accelerate your outline creation and increase study time later in the semester. Main Description

Key Cases: the English Legal System The Key Cases series provides a portable and effective way for you to absorb and retain the essential facts needed to pass your exams effortlessly.

Essential Tort Law for SQE1: Presenting the law of tort as a body of principles, this authoritative textbook gives an incisive understanding of the subject. Each tort is carefully structured and examined within a consistent analytical framework that guides students through its preconditions, elements, defences and remedies. Clear summaries and comparisons accompany the detailed exposition, and further support is provided by diagrams and tables which clarify complex aspects of the law. Critical discussion of legal judgments encourages students to develop strong analytical and case-reading skills, whilst key reform proposals and leading cases from other jurisdictions illustrate different potential solutions to conundrums in tort law. A rich companion website, featuring semesterly updates alongside ten additional chapters on more advanced topics, completes the learning package. This new edition has been updated to take account of important cases, legislative developments and law reform studies since July 2015.

Key Cases: Tort Law The fifth edition of Markesinis and Deakin's Tort Law has been fully revised and updated to cover all important developments which have occurred in this field since the previous edition appeared in 1999. The structure of the book remains the same as in previous editions, as has its underlying philosophy — to provide a good general overview of the law of tort for students and their lecturers which will also be of interest to practitioners and judges in the field. The book includes discussion of much new material, including important appellate court decisions on wrongful birth, defamation, privacy, nuisance, the liability of public authorities, causation and many others; the growing impact of the Human Rights Act; the impact of the need to decide whether to adopt or assimilate EC law into English tort law; the impact of the recent legislative developments, including the Contracts (Rights of Third Parties) Act 1999. Throughout the book the relationship between the common law and legislative policy is a key theme, while economic and comparative analysis of the cases and issues are used where appropriate.

Tort Law With an emerging ius commune in the field of tort law, the extensive range of experiences derived from national court practice on the basis of prior laws will in certain respects be of comparatively less importance. A major lacuna is thus apparent: While publications of court decisions and databases exist, none provide access to a comparative selection of recurring issues in the various European legal systems. Along the lines of the previous Digest project on Causation, this study covers another key element of tort law—damage. The publication contains a systematic selection of cases from 27 countries across Europe in addition to ECJ case-law, with each case benefiting from an analysis and commentary from a national and, where appropriate, a comparative perspective. Further, the impact of these rulings on a future European law of torts is highlighted. Finally, the publication also looks into how key cases could be resolved under unifying European tort law drafts. The object of the study is thus to bridge domestic case-law with the new body of uniform tort law thus facilitating the continuity of legal development in Europe.

Casebook on Tort Law Here is broad coverage of all the key topics in tort law that paralegals need to know, written in an engaging style with plenty of examples and illustrations. With an understanding of how law firms function in the real world, students develop practical skills, assessing cases for settlement value, investigating claims,
billing hours, evaluating insurance policies, and more. One hypothetical case runs through Tort Law for Paralegals, providing a coherent framework for illustrating a multitude of topics. Forms and court documents relevant to this case are included in the appendix. A well-developed pedagogy features chapter objectives; “Issue at a Glance” boxes that summarize important legal concepts; marginal definitions; a wealth of figures, tables, and diagrams; Key Terms, Review Questions, and “Applying What You Have Learned” exercises; case excerpts; and features that prepare students for their jobs such as “Skills You Need in the Real World,” “Life of a Paralegal,” and a list of Web sites for gathering more information. Ethical issues are highlighted, with a separate section on ethics at the end of each chapter.

Torts Complete Tort Law: Text, Cases, & Materials combines extracts from a wide range of recent cases with clear explanatory text to create a complete resource for students. A wealth of features provide a high level of support, making this an ideal introduction to tort law.

Key Cases: Tort Law Landmark Cases in the Law of Tort contains thirteen original essays on leading tort cases, ranging from the early nineteenth century to the present day. It is the third volume in a series of collected essays on landmark cases (the previous two volumes having dealt with restitution and contract). The cases examined raise a broad range of important issues across the law of tort, including such diverse areas as acts of state and public nuisance, as well as central questions relating to the tort of negligence. Several of the essays place cases in their historical context in ways that change our understanding of the case’s significance. Sometimes the focus is on drawing out previously neglected aspects of cases which have been - undeservedly - assigned minor importance. Other essays explore the judicial methodologies and techniques that worked to shape leading principles of tort law. So much of tort law turns on cases, and there are so many cases, that all but the most recent decisions have a tendency to become reduced to terse propositions of law, so as to keep the subject manageable. This collection shows how important it is, despite the constant temptation to compression, not to lose sight of the contexts and nuances which qualify and illuminate so many leading authorities.
